SUMMARY

Information Systems graduate from Trilogi University (GPA: 3.58) with hands-on experience in Web Development, UI/UX Design, IT Support, and Treasury. Skilled in analyzing user needs, developing digital solutions, and resolving technical issues across systems and networks.

A detail-oriented and adaptable professional with strong communication and problem-solving skills, ready to contribute effectively and grow in a dynamic work environment.

EXPERIENCE

IT Support — 11/2025 – 05/2026

Kementerian Ketenagakerjaan

1. Performed software installation, configuration, troubleshooting, updates, and preventive maintenance for hardware, software, operating systems, and printers.

2. Monitored, maintained, and troubleshot LAN/WAN/WLAN networks, including routers, switches, firewalls, local DNS, and IP phones.

3. Provided technical support to users by handling IT service tickets and resolving technical issues to ensure smooth daily operations.

4. Managed user accounts and access permissions through Active Directory, email, and Office 365, while maintaining IT asset documentation and inventory records.

5. Contributed to the development of the UKPBJ portal website and a public complaint management website to support the digitalization of government services, using PHP and Laravel for backend development, ReactJS with Vite for frontend development, and MySQL as the database.

Institutional Relations Manager (IRM) – Treasury — 01/2025 - 05/2025

Pertamina (Persero)

1. Reconciled PT Pertamina Ledger with bank statements across Subholdings and Subsidiaries using SAP and Power BI to ensure accurate cash balances.

2. Verified payment data accuracy, including payment amounts, destination accounts, and invoices: inputted payment instructions into data recaps.

3. Collected monthly bank balance reports from PT Pertamina (Persero) accounts across multiple banks, including Mandiri, BRI, BNI, BCA, BTN, Citibank, BSI.

Web Developer - UI/UX Design — 08/2024 - 12/2024

Media Periklanan Indonesia (Dewarangga Group)

1. Conducted user-centered design processes by analyzing user requirements, developing user personas, mapping user journeys, and translating business needs into functional requirements to support effective web application development.

2. Designed and prototyped web application interfaces through wireframes, mockups, and interactive prototypes using UI/UX principles, ensuring intuitive user experiences, consistent visual design, and optimized user flows.

3. Developed and implemented responsive web application features using Laravel, JavaScript, HTML, CSS, and MySQL by translating UI/UX designs into functional solutions, including database integration, form validation, testing, debugging, and performance optimization to meet project objectives and deadlines.

Junior IT Support — 09/2020 - 12/2020

Kementerian Komunikasi dan Informatika

1. Performing crimping, tidying up, and checking LAN cable connections.

2. Assisting with network troubleshooting, including VPN, DHCP, and IP Address settings.

3. Assisting with Windows operating system installation and configuration. Performing maintenance and initial checks for computer/laptop damage and installing basic software.

4. Compiling documentation and daily activity reports related to IT technical support.

EDUCATION

Information Systems 09/2021 - 08/2025

Universitas Trilogi - Bachelor's Degree in Information Systems

1. Studied Information Systems with a focus on analyzing user needs, designing digital solutions, and implementing web-based technologies. Developed skills in UI/UX Design, Web Development, and WordPress CMS management.

2. Actively participated in academic projects, including assisting lecturers in redesigning the faculty website using Figma and WordPress. Awarded3rd Place in a Web Design Competitionorganized by the university.

CERTIFICATES
